

Nb. Excludes knives (example only)

- * The Knife Box stylishly presents those favourite or special cooking implements close to hand but equally enables them to be stored simply and safely away when not required.
- * Comprising a unique single slot of 3mm width, this S-Box enables any size of knife to be stored in any position rather than the restricted slots of a traditional knife block.
- * Sharpest knives are duly off the kitchen work surface, not in a kitchen drawer and less accessible by young children. The top is hinged for access.
