

INTRODUCING

S-BOX™ MINI-TR

NEW 2017 Model
2-Port "pop-up" Power Box
TAMPER RESISTANT

Fully wired and ready to go, this product features LEGRAND TR sockets

FULLY SPLASH-TESTED FOR USE IN
WET LOCATIONS and KITCHENS

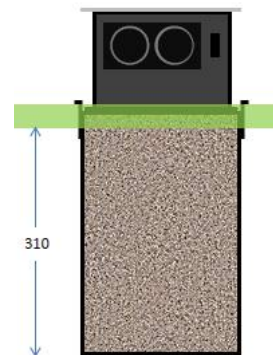

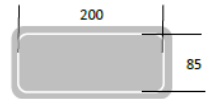

IP55 rating

The S-Box™ Mini-TR unit is beautifully simple, but is also small and robust. It is constructed from solid steel, is easy to install, and is built to perform in the toughest of kitchen environments.

Its **instant** "pop-up" action delivers two tamper-resistant power outlets at the simple touch of a finger - when and where you want it!

For the Designer it gets even better! . . . because the S-Box™ Patent also includes the ability to customise the Top with a piece of matching work surface material while still being level with the counter and still lifting a different weight of top. The standard Stainless Steel top is beautiful anyway and suits most environments, but this extra "chameleon" feature is unique!

The possibilities are endless . . . !

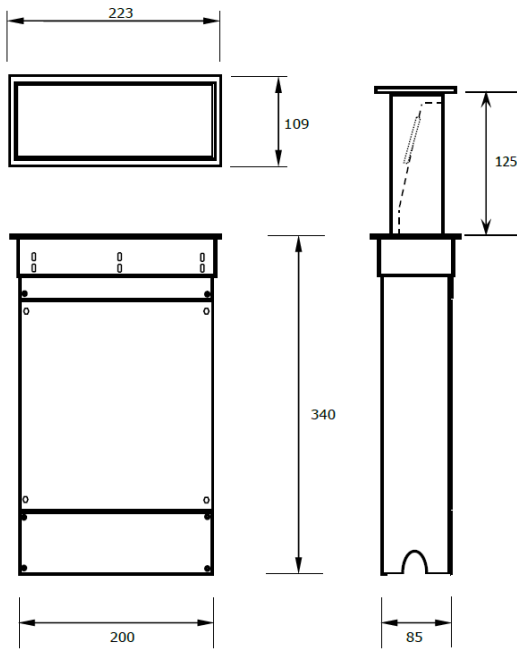

Ideal for:
KITCHEN
BEDROOM
OFFICE
HOTEL

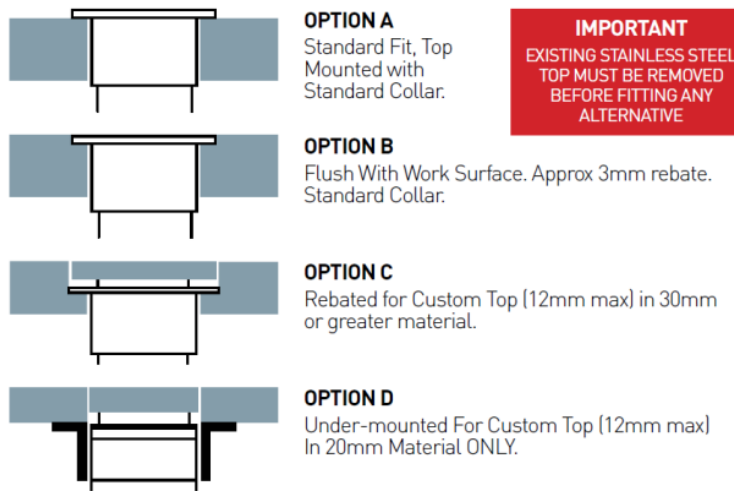

Patented eco-friendly
zero-energy lift-drive

TECHNICAL DATA

WAYS OF FITTING YOUR S-BOX

There are 4 possible ways of fitting your S-Box. Please see website for full design guide drawings.

IMPORTANT
EXISTING STAINLESS STEEL TOP MUST BE REMOVED BEFORE FITTING ANY ALTERNATIVE

OPTION D REQUIRES AN UNDERMOUNT KIT WHICH REPLACES THE STANDARD COLLAR

NOTE: Under-mounting kit should NOT be used unless access to its fittings are 100% available post-installation.

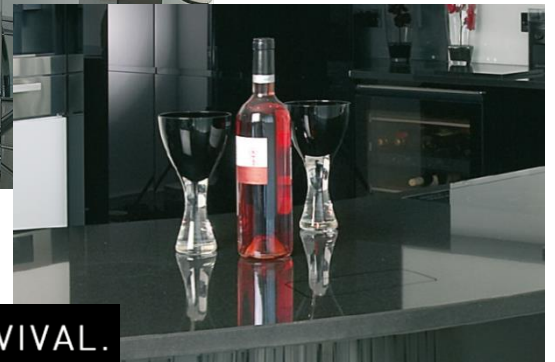

CUT OUT DIMENSIONS

OPTIONS A or B - 96mm x 210mm

OPTION C - As above plus additional 8mm rebate x 20mm deep

OPTION D - 88mm x 203mm

AS REQUIRED BY NEC and U.L. STANDARDS THIS UNIT MUST BE FITTED INTO A GFCI CONNECTION/CIRCUIT

**IN NATURE, CAMOUFLAGE IS A MATTER OF SURVIVAL.
IN DESIGN IT'S A MATTER OF STYLE.**
